

OPTOMETRIST

Los Angeles, CA

Vision To Learn seeks a qualified candidate to work part-time as an **optometrist** licensed to practice in California. This position requires up to four days of work per week and could start immediately.

Key Position Responsibilities:

- Provide primary vision evaluations, which includes checking visual acuity; assessing binocular vision; performing a full refraction and prescribing appropriate correction; and assessing ocular health.
- Prescribe vision devices; test patient on all applicable equipment to determine the most suitable for the patient's condition; and inform the patient on the proper use of the device.
- Confirm the patient's diagnosis is properly documented in the internal systems.

Qualifications:

- Position requires work to take place in a mobile clinic; candidate must be able to commute to schools throughout greater Los Angeles area.
- Successful record of working with children.
- Good organizational and prioritization skills.
- Strong interpersonal and written communication skills.
- Experience using EMR systems, and Microsoft Office experience is a plus.
- Must pass Department of Justice background check (LiveScan) and drug test.

Top candidates have a proven track record and positive, proactive attitudes. In addition, dedication to our mission of helping children succeed in school and in life is critical. Vision To Learn is a rapidly growing organization and team players are essential to our collective success.
